Castro Not to Recognize Any Communists

By LARRY ALLEN

HAVANA, Cuba (AP) — Fidel Castro, Cuba's revolutionary hero, indicated today the island's provisional government will steer clear of diplomatic relations with the Soviet Union and other Communists.

The newspaper, *Diario de la Marina*, quoted Castro as saying in an interview it is personal opinion Cuba should not maintain relations with any dictatorship.

The newspaper said Castro had been asked about relations with other countries and especially the Soviet Union, as he continued his slow trip to Havana. Communist propaganda has praised Castro and attacked the regime of the fallen Fulgencio Batista.

Castro also lashed out against dictatorships in an interview televised in Havana, saying they are

He is a native of Nevada County and his wife and family have made their home in Prescott since prior to World War II. In making the appointment Mr. Weisenberger made the following statement:

"While I am aware that the emoluments from the office of the County Prosecuting Attorney in Nevada County are small, it is an important office, and one that can often be of considerable service to the citizenship. I have complete confidence in Dudley Rouse.

He and I have been friends for many years. I am pleased to have this opportunity to place on his shoulders this responsibility and I am confident he will serve the citizens of Nevada County well."

Others pointed out the valuable work being done by the Red Cross in many areas of service.

Garland Medders, City Manager, met with the committee to offer his services in any way that they may be needed. The next regular meeting date is Tuesday morning, February 3rd.

Polio Costs in Hempstead Continue High

Polio costs continue to be high in Hempstead County.

Obligations of \$2,000 have been incurred thus far this year by the Hempstead County Chapter of The National Foundation in assisting with the medical care of Polio patients according to Hulan White Chapter Chairman.

"To help us meet these bills, a check for \$700 has just been received from the Medical Aid Fund of the National Foundation. Demands upon this fund have been so heavy," White said, "that payment of many of our bills will have to be deferred until after the 1959 March of Dimes."

"Few people realize how long drawn out and costly polio is," Mr. White said. "Some of the patients we are now assisting were paralyzed by polio as far back as 1940."

Woman Tries to Intervene in School Case

LITTLE ROCK (AP)—In a surprise move, a woman segregationist leader tried to intervene in the Little Rock integration case at a federal court hearing today.

Mrs. Margaret Jackson, president of the League of Central High Mothers, contended in a NAACP suit to keep the city school board from leasing private schools had been filed erroneously.

U.S. District Judge John E. Miller overruled the intervention motion which was filed by Mrs. Jackson's attorney.

He also denied a motion by a school board attorney to keep the government out of the case. The Justice Department is acting in the case as a friend of the court.

Miller opened the hearing at 9:30 a.m. to consider arguments in connection with an appeals court mandate ordering school integration at Little Rock.

Mrs. Jackson, contended the suit by the National Assn. for the Advancement of Colored People was filed erroneously under a federal title involving monetary damages in excess of \$3,000. The motion alleged this filing was "a fraud practiced on the court," the intervenor and the school district.

Her attorney, Kenneth Coffelt, told the court it was impossible for the NAACP to estimate monetary damages solely because Negro students cannot attend school with children of another race.

Judge Miller said he knew of no standard "whereby a court can evaluate in money the value of a constitutional right of any citizen."

Earlier the judge overruled an objection to substituting members of the newly elected Little Rock School Board as defendants in the case.

Herschel Friday Jr., attorney for the board, opposed the substitution motion made last week by both the NAACP and attorneys for the former school board. Friday cited a technicality.

Judge Miller ruled that the new board, against whom all federal integration mandates are directed automatically, had undertaken certain responsibilities when it assumed office. He said its members had "duties to be discharged in accordance with constitutional principles" but "duties to be discharged in accordance with constitutional principles as defined by the Supreme Court in the Brown and other decisions."

"The Brown decision was the U.S. Supreme Court's 1954 school desegregation ruling."

Prior to the hearing, Miller told newsmen he planned to hand down a ruling sometime this weekend.

"Only one point is at issue in the mandate," he reminded newsmen.

The mandate restrains the board from leasing property to corporations for private school purposes and restrains them from any other acts impeding the integration plan. I shall write rather a lengthy opinion and I hope it may set at rest some of the confusion."

White and Negro spectators crowded the court room.

Judge Miller said the mandate left little room for judicial man-

New Fight Over

ing a showdown battle.

There also was some confusion on both sides in estimates of the formal convening of the 86th Congress as just what to expect or when to expect it.

Renewed talk of a compromise came last night with a report that majority leader Lyndon B. Johnson (D-Tex.) might try to stem quickly with a proposal designed to forestall a long and divisive clash. His heavy Democratic majority in the new Senate already is badly split on the filibuster issue.

But if Johnson had any such plan he was not broadcasting it. He told newsmen after meeting last night with northern Senate Democrats that no conclusions had been reached. He said he expected no votes today on the merits of the filibuster controversy.

The target of the impending battle is Senate Rule 22 which requires the votes of 66 senators, or two-thirds of all 98 members, to choke off a filibuster and force an issue to a vote.

Southern senators who often have rallied on filibusters to block or weaken civil rights measures are opposing any change in the rule.

Arrayed against them is a bipartisan bloc of northern and western senators. They are advocating that the rule be changed to permit a majority of the members—or 50 senators—to halt a filibuster after 15 days.

prayer led by Mrs. Max Bolar. Minutes were read and approved. Reports were heard from the treasurer and spiritual life chairman.

Mrs. Carlton announced the union meeting to be held at the church on Monday night, Jan. 12. This will be a joint meeting with the Wesleyan Service Guild.

Mrs. L. B. Tooley, program leader, gave a summary on the United Nations tour which she made with a group of Methodist students in early December. The group also visited the Department of State in Washington where they were courteously received by personnel and briefed on foreign policy.

The meeting was adjourned with prayer.

of leaders was a matter for the House.

He defeated Sen. John Sherman Cooper of Kentucky, 2014, with all 34 Republican senators participating.

By a similar 2014 margin Sen. Thomas H. Kuchel of California was chosen whip or assistant floor leader.

The Dirksen victory was a defeat for the group of self-styled progressive or liberal senators led by Sen. George Aiken of Vermont.

Emerging from the two-hour closed door session, Aiken smiled and said the results "were the democratic process at work."

Conservative forces were quite backed by Sen. Styles Bridges of New Hampshire.

Kuchel was the candidate of the Liberal group and his election should give them additional prestige in legislative actions.

Reelected without opposition were Bridges as chairman of the Senate GOP Policy Committee, Sen. Leverett Saltonstall of Massachusetts as chairman of the Conference of All Republicans and Sen. Milton Young of North Dakota as secretary of the conference.

Kuchel's opponent was Karl Mundt of South Dakota, advanced at the last hour by the conservative group.

Southern senators who often have rallied on filibusters to block or weaken civil rights measures are opposing any change in the rule.

Arranged against them is a bipartisan bloc of northern and western senators. They are advocating that the rule be changed to permit a majority of the members—or 50 senators—to halt a filibuster after 15 days.

Castro Not to

Continued From Page One

"a menace for America."

Diario de la Marina also quoted Castro as saying a rebel law confiscating all British goods in Cuba still is on the books but is subject to ratification by the provisional government.

Castro did not say this would be done, however, explaining that he does not wish to make statements indicating he is interfering with the government of provisional President Manuel Urrutia.

Castro ordered the confiscation when Britain was selling arms to the government of Fulgencio Batista.

The Cabinet of Urrutia worked far into Tuesday night preparing a new constitution for the interim period until elections are held in 18 to 24 months. The basic law will replace the 140 constitution of Batista.

The work of weeding out remnants of the dictatorship gathered speed.

Urrutia appointed Luis Orlando Rodriguez, his minister of interior, as defense minister also. Rodriguez' first order created military police to enforce order. Another order forbids any militiaman or any person carrying arms to drink alcoholic beverages.

Shots were fired just outside The Associated Press office early today, apparently by armed militiamen pursuing some Batista supporters in an automobile.

A single monolithic revolutionary party may be one result of the revolution, despite Cuba's tradition of fiercely partisan politics. Abolition of all existing parties, reported under consideration, would pave the way for some such party reorganization. All candidates in the Batista elections of 1954 and 1958 also may be banned from political life.

The government already has dismissed all provincial governors, mayors, and councilmen and presumably will fill their places with civilian appointees.

By LARRY ALLEN

HAVANA, Cuba (AP) — Cuba's provisional government polished up a new interim constitution today as the work of weeding out remnants of Fulgencio Batista's dictatorship went forward.

The Cabinet met far into the night working on a new fundamental law to replace the constitution of 1940 until the holding of free elections.

It was not immediately learned how the charter would differ from the old one, which was adopted during Batista's first period of power. Presumably the interim constitution will be replaced after a new Congress is elected.

Kentucky Is Defeated by Vanderbilt

By DON WEISS
Associated Press Sports Writer

The Jordans' considerably lighter today for Adolf Rupp, the Kentucky basketball coach who once said "a winning streak gets kinda heavy to carry around."

Vanderbilt's Commodores eased the burden Tuesday night, shattering top-ranked Kentucky's 16-game string of victories with a 75-68 decision that must rank as the top upset of the college basketball season thus far.

Only 54 before the game with the team judged the nation's best, the Commodores reeled off a 21-4 spurt midway in the first half and stayed comfortable ahead through

Jim Henry's 29 points and 32 fouls called on Kentucky were the big factors in the Wildcats' first loss since another Southeastern Conference team, Auburn, snubbed Rupp & Co. by a single point, 64-63 last Feb. 24.

Kentucky reeled off five straight victories to close out last season as NCAA champions and has taken on 11 in a row this season.

North Carolina State, No. 2 in the weekly Associated Press Poll and the only other rated team in action last night, had a scare but survived — overcoming pesky Virginia 73-68 in an Atlantic Coast Conference match. Virginia, which upset West Virginia last month for one of its two victories in 11 starts, led the powerful Wolfpack 52-51 with nine minutes left, but State pulled it out behind the clutch shooting of Lou Puccillo and Bub MacGillivray.

Scattered conference play and handful of neighborhood matches rounded out the Tuesday program.

Rice's Gary Griffin whipped in five points in the last 12 seconds to break a tie and upset Texas A&M 70-75, throwing the Southwest Conference race into a lizzz.

Bobby Jones' 38 points led Southern Methodist over Texas 63-55 and Texas Tech rallied to edge Baylor 68-65 in other SWC games.

Dartmouth, with George Ramming netting 20 points, opened its Ivy League campaign with a 52-51

Hope Girls Go Down in Defeat at Emmet

Coach Gordon Beasley's Senior girls traveled to Emmet last night and lost 29 to 27. High point for Hope was Judy Ratcliff with 18 points.

Lorene Thies was high point for Emmet with 11 points.

Hope will go to Satoga Friday night.

Athletic Club at Guernsey Plans Benefit

Guernsey Athletic Club will sponsor a "soak" supper Friday night at 7:30; it was announced by Capt. Arthur Gray Jr. Proceeds will go toward purchase of uniforms for the senior basketball teams.

All girls and women of the community will pack a picnic lunch in a new pair of men's socks. Each sock will be auctioned off by Sonny Roberts and will be sold to the highest bidder who shares the lunch with the person who packs it.

Everyone is invited. Buses will make their regular runs.

Bobby Boyd Fights Holly Mims Tonight

By CHARLES CHAMBERLAIN

CHICAGO (AP) — Bobby Boyd, trying to regain the form that made him the No. 1 middleweight contender in 1950, is a 7-5 choice tonight against veteran Holly Mims.

The 10-rounder in Chicago Stadium will be televised and scored under the five-point must system.

Boyd, a lanky 25-year-old Chicagoan who licked the top of the middleweight crop then skidded out of the rankings, counter-punched his way to victory over the crafty Mims in Chicago Stadium in 1950. Mims, 30, battled him to a draw in Miami Beach a year ago.

The Washington, D.C., battler went on in 1958 to score a surprising upset of highly-rated Spider Webb, lick Sammy Walker and stop John Cunningham. He now is ranked No. 7 by the National Boxing Assn. and No. 4 by Ring Magazine.

The odds favoring Boyd are based on his renewed desire, an ingredient that evidently has been lacking at times in his unpredictable ring ventures. Boyd's defensive lapses have cost him six decisions by knockouts. But he has nailed 23 opponents in winning 51 bouts. He has dropped six decisions and fought to three draws.

Hagan Makes Things Rough for Rookie

By THE ASSOCIATED PRESS

Those college basketball coaches who have been bleating about the influence of the offensive-minded professionals on their players, should have been at New York's Madison Square Garden Tuesday night to watch Cliff Hagan of St. Louis.

Hagan was given the job of guarding the Minneapolis Lakers' phenomenal rookie Elgin Baylor in the first game of a National Basketball Assn. doubleheader.

Hagan held Baylor to 12 points, half his average, and scored 21 himself as the Hawks defeated Minneapolis 112-5. New York's Knicks skinned by the floundering Syracuse Nats 118-108 in the second game, played under protest by both coaches.

In a Philadelphia doubleheader, the Boston Celts rolled over Cincinnati 103 and Detroit's Phil Jordan scored a lay-up in the last 21 seconds to defeat Philadelphia 107-105.

It was a one-two job for the Hawks, with Hagan's defense complementing Bob Pettit's 38-point performance and 35 rebounds. Both were Garden records this season.

Nats Coach Paul Seymour and the Knicks' Fuzzy Levane both professed officials of the opposing clubs sitting on the teams' benches.

Three Die in Wreck Near Texarkana

TEXARKANA, Tex. (AP) — A two-car collision on U.S. Highway 67 killed three persons yesterday. The accident happened about 12 miles west of here.

The victims were Mr. and Mrs. D.O. Chenuit of Maud, Tex., and Mrs. Jewel Lemon Whitley, 30, of Texarkana. Chenuit, a retired real estate dealer, was 66. His wife was 55.

Texas Highway Patrolman James Gee said his investigation indicated that Mrs. Whitley's car was on the wrong side of the highway.

Young Demos Would Appeal Work Law

LITTLE ROCK (AP) — The Arkansas Young Democrats Club plans a campaign to repeal the state's right-to-work law and to lower the minimum working age from 21 to 18.

Miles Hale, a University of Arkansas student who heads the club, said the organization would seek to place on the 1960 general election ballot proposed constitutional amendments to accomplish these aims.

Hale said the club's executive council, at a recent policy meeting here, also agreed to work for an increase in unemployment compensation benefits.

Will Ask Use Tax Exemption Repeal

LITTLE ROCK (AP) — The Arkansas Legislative Council plans to ask the General Assembly to repeal use tax exemptions on the grounds that some Arkansas businesses are hurt by the provision. The council is holding its last meeting before the legislative session opening Jan. 12, yesterday adopted the repeal recommendation of its Revenues and Taxation Committee.

The use tax, a levy similar to the 3 per cent state sales tax, is imposed on goods purchased outside Arkansas but destined for use or disposal inside the state.
